KSBJ Responds to Rita Evacuees

Houston – As clean-up begins around the Houston area, contemporary Christian music station, 89.3 KSBJ, continues to be the voice and choice for encouragement to listeners on Houston roadways. Since last Wednesday, KSBJ began preparing listeners for Hurricane Rita, originally the third largest hurricane in Texas history. KSBJ, known for its family-friendly format, provided listeners with helpful information, as well as tips on hurricane preparedness, both on-air and on their website at www.ksbj.org

“The goal was two-fold. To keep listeners informed and safe, and to remind our community that God listens even in the midst of crisis,” said Chuck Pryor, KSBJ Program Director.

KSBJ mobilized a national prayer effort through other Christian Music Broadcasters across the country. Susan O’Donnell (KSBJ Morning Show Co-Host) and Chuck Pryor (KSBJ Program Director) were on a number of stations from Tulsa to Orlando asking listeners in those cities to “pray for Houston”.

God listens 89.3 KSBJ is the Major Market 2005 Station of the Year by the Gospel Music Association and Christian Music Broadcasters.
