### **About Fisher House Boston**

The Fisher House Foundation has asked that family members of hospitalized active-duty service members and veterans of operation ending freedom and operation Iraqi Freedom (OEF/OIF) be given high priority for lodging at Fisher Houses. Fisher houses and Fisher House Foundation play a crucial role in helping veterans recover from the serious wounds they have suffered. Fisher Houses enable family members to be close to be their loved ones during hospitalization and give them a safe, comfortable, home-like environment, making it easier for them to participate in the care and recovery of their relatives.
